[Screening levels.xlsx](#)

Yes – this will be for the public viewer, the one Eric Delgado is doing for R6.

Here is a consolidated table of screening values, please note agricultural values have been updated. We also need to confer with eco tox folks regarding eco screening levels.

Wendy,

Is the map with boxes for the public display of the data?

Thanks, Jon

All,

We are preparing maps with call out boxes indicating concentrations of different metals at different stations along the river. For our initial go, we'd like to identify the top 4 metals folks would like to see, along with pH.

Please send me your top 4 metals you might be most interested in at this stage. Examples might be copper, manganese, arsenic, zinc, cadmium. There you go, I just identified more than 4. Please let me know your preference, as soon as you are able.

Thx.

wo

We had the call at 3 Central time. I was wondering why only Wendy from R8 called in.

You did not miss anything since even Wendy was only on for 2 minute.

We'll try again tomorrow, I guess.

Phil

I think we need some of our START contractors in this call since they are coordinating the labs.

Thoughts?

King Gold - EU call

Scheduled: Sunday, Aug 9, 2015 from 3:00 PM to 4:00 PM

Location:

Invitees: Nattis, Randy, Hiatt, Gerald, McKean, Deborah, Wall, Dan, Keteles, Kristen, OBrien, Wendy, Rauscher, Jon, Turner, Philip, Black, Ned
